

Dear Heidelberg Alumnus:

First of all I would like to thank you for the interest you have shown in Heidelberg Alumni Canada. The number of responses is an encouraging sign that HACA is well on its way to becoming a success.

As I mentioned in my initial email, we are going to have a follow-up meeting at the residence of Herr Jörg Metger, the German Consul General of Montreal, **3878 Avenue de Ramezay, Montreal on Tuesday, May 19th 2009 from 5 to 7 PM**. At this meeting we look forward to introducing newly interested alumni to one another, beginning programme planning for HACA, and discussing innovative ways of communicating, as for instance through web-based messaging tools such as Facebook, MySpace or Twitter.

The May 19th meeting will also celebrate the 50th anniversary of the awarding of Prof. Jose Nieto's PhD degree in Mathematics from the University. I know he and his wife would enjoy having you join us for this happy occasion.

Please let us know as soon as possible whether you will be able to attend so that Heidelberg Alumni International can send you a formal invitation. Details of the meeting will soon be posted on the websites of HAI (<http://www.alumni.uni-heidelberg.de>), HACA (<http://www.alumni.uni-heidelberg.de/haca>) and the German Consulate (<http://www.montreal.diplo.de>).

Although I know that it is unlikely that those living outside the Montreal area will be able to attend this meeting, you are nevertheless wholeheartedly invited and I would like once more to emphasize our commitment to making HACA a national association. Look for future alumni meetings in other parts of the country.

Yours sincerely
Mo Klinkert
