

First Alumni Meeting in Vancouver

On Sunday, May 23rd, Albert Fink, president of HAUS (Heidelberg Alumni United States), and John Barber, regional chair of the Western Conference of HAUS, sponsored a meeting for Heidelberg alumni in the Vancouver area. Getting to know one another and sharing recollections of enjoyable times at the University were the chief objectives. Among substantive matters discussed were the University's 625th anniversary celebrations and the possibility of future regional get togethers across the international border. We are especially pleased that as a result of the Vancouver meeting, two alumni previously not identified heard about the meeting and are now on HACA's mailing list.
