On the weekend of February 22-23, 2014, a small but enthusiastic group of HACA alumni and their guests travelled to Whistler, BC for a weekend ski adventure. Attendees were joined by Irmintraud Jost, Executive Director of the Heidelberg University Association, who had flown in from New York to attend.

Following a dinner reception on Friday night, alumni were up early on Saturday for a full day of skiing on Whistler followed by Après-ski at Garibaldi Lift Co at the base of the mountain. After some warm drinks and a lively atmosphere of music and dancing, alumni had some free time before regrouping for a delicious Italian dinner at Quattros Restaurant. The following day, some alumni decided to splurge with a visit to the Scandinave Spa Whistler to relieve a bit of skiing stiffness and soreness before making the scenic trip back to Vancouver.

There was unanimous agreement that a second ski trip to Whistler should most definitely be planned for next year – stay tuned!
